Testimonial for Philip Evans
www.philipevans.jimdo.com

RDS Construction is pleased to have their reporting system and spreadsheets designed and implemented by Philip Evans. We found the templates very easy to use, enabling us to update the information regularly, with a minimum of fuss. There is scope to customise and change the system as the business needs develop. We are very pleased with what we have been able to achieve and report as there is so much useful information available.

Philip provides a very prompt and knowledgeable customer service. He is a very friendly individual who is honest, reliable and approachable. We would highly recommend him.
